Chevigny 21800, France

### Education:

- 2016-2019: Engineering school **Grande Ecole des Mines de Douai**
- 2013-2016: Preparatory class in Dijon, *PSI\* option*
- 2013: Baccalauréat (equivalent of A-levels) *physics option*

### Skills:

- Project management
- Programming
- Problem solving
- Database development and processing
- Computer design
- Control theory

### IT tools:

#### **Programmation :**

Python, Java  
HTML, CSS, PHP

#### **Database :**

MySQL

#### **Microsoft office :**

Excel, Word,  
Powerpoint

#### **Others :**

Solidworks

### Work experience:

- ❖ 2015-2016: **(2 projects):** Conducted analysis on coaxial cable shielding & *developed a method to prevent condensation on glazed surfaces*
  - Autonomy
  - Set up of scientific analysis
  - Creation of electronic circuits
- ❖ Summers 2013-2016: **Junior Counselor in a holiday camp:**
  - Team working
  - Time management, setting up of schedules
  - Continuous initiative and creativity
  - Adapt and alternate activities according to the children's needs
  - In charge of running shows and other various activities
- ❖ Summer 2012: **Agricultural work:**
  - Rigour and autonomy
- ❖ 2012: **(project):** *Finding solutions for an energy-efficient high school*
  - Team working
  - Budget and energy analysis
  - Implementation of principles of physics
  - Computer modelling

### Langages:

English, *degree level: 775 TOEIC*  
Spanish, *degree level: B1*

### Interests:

Sport: Athletics, Football  
Theater
